Short-Term Rental Operator's Guidebook

What is a Short-Term Rental?

A short-term rental is the rental of a dwelling unit and is permitted only within a single-family home, secondary suite, accessory dwelling unit, an apartment, duplex or multi-family home for less than 90 consecutive days. Operators must follow rules and regulations to legally rent residences on a short-term basis.

The owner/operator of a short-term rental **MUST NOT**:

- Rent out any bedrooms or provide any sleeping accommodation within any vehicle, recreational vehicle or tent.
- Allow any rooms that are not approved and identified on the licence application to be used as bedrooms in the short-term rental.

Short-term accommodations have an important role in our economy and licensing and regulations reduce impacts to neighbourhoods, protect long-term rental supply and ensure operators are accountable for the wellbeing and safety of guests and residents.
