

SCHEDULE M
CONFIRMATION OF PROFESSIONAL ASSURANCE

This is Schedule M of the City of
Vernon Subdivision and Development
Servicing Bylaw No. 3843, 1992

"Margaret Bailey"
City Clerk

Updated June 22, 2009 – (Bylaw 5204)

**CONFIRMATION OF
PROFESSIONAL ASSURANCE**

The Corporation of the City of Vernon
3400 - 30th Street
Vernon, B.C.
V1T 5E6

Attention: City Engineer

Dear:

Re:

(Description and Address of Project)

This is to advise that I am a Professional Engineer / Geoscientist licensed to practice in the Province of British Columbia and was retained by the Owner to undertake and coordinate all field reviews and inspections required with respect to this project and took all steps as regulated under The Engineers and Geoscientists Act of British Columbia and required by good practices and by the definition of "field reviews" hereinafter set forth in order to issue the following certification.

As used herein, "field reviews" shall mean such reviews of the work at the project site and at fabrication locations, where applicable, as the Professional Engineer / Geoscientist, in his professional discretion, considered to be necessary in order to ascertain that the work substantially conformed in all material aspects to the plans, drawings and supporting documentation and reports accepted by the City of Vernon.

The following aspects have been reviewed by me or under my direction and have been found to comply with the engineering drawings and plans submitted and accepted by the City Engineer.

1.00 Storm Drainage System including, but not restricted to, the following:

- the location, alignment, size and grade of all pipes and culverts;
- the spacing of manholes and catch basins;
- the construction of drywells;
- materials used for pipes, culverts, manholes, catch basins, pipe and fitting joints, service connections;
- materials used for pipe bedding and backfilling of trenches;
- workmanship in the construction and installation of all materials.

2.00 Sanitary Sewer System including, but not restricted to, the following:

- location, alignment, size and grade of all pipes;
- spacing of manholes and catch basins;
- materials used for pipes, manholes, pipe and fitting joints, service connections;
- materials used for pipe bedding and backfilling of trenches;
- workmanship in the construction and installation of all materials.

3.00 Water Distribution System including, but not restricted to, the following:

- location, alignment, size and grade of all pipes;
- spacing of hydrants and valves;
- construction of pumping stations and reservoirs;
- materials used for pipes, fittings, gate valves, valve boxes, hydrants, service connections, corporation stops, curb stop and boxes, air valves, stops and drains.
- materials used for pipe bedding and backfill of trenches;
- workmanship in the construction and installation of all materials.

4.00 Roads including, but not restricted to, the following:

- alignment, width and grade of all roads;
- materials used for preparation of road bases and road surfaces;
- workmanship in the installation of materials.

5.00 Curb and Gutter, Sidewalks, and Boulevards including, but not restricted to, the following:

- width and grade of sidewalks and boulevards;
- alignment and grade of curbs and gutters;
- materials used for preparation of subgrades and surfaces;
- workmanship in the installation of materials.

6.00 Street Lighting, Electrical and Communications Wiring and Gas Installations including, but not restricted to, the following

- number and spacing of street light poles and luminaires;
- materials used for street lighting, electrical and communications wiring and gas installations;
- materials used for backfilling of trenches;
- workmanship in the installation of materials.

7.00 Geotechnical and site grading works including, but not restricted to the following:

- lot grading
- slope construction
- retaining walls
- workmanship and the installation of materials
- rock blasting

I certify that the foregoing areas substantially comply in all material respects with the plans and supporting documents, including all amendments thereto, which supported the application for subdivision approval File No. __ which were "accepted" by the City of Vernon.

In addition, significant revisions to the accepted plans and supporting documents have been submitted to the City in order to depict, as nearly as possible, given my "field reviews" as defined herein, the services as finally designed and built.
