### COUNCIL INQUIRIES

#### **GARBAGE & RECYCLING PROGRAM**

Council requested investigation of different options for managing garbage and recycling pickup in the City of Vernon (ex. City of Richmond – varied sizes of bins for individual needs and including composting). An Admin Update will be provided.

#### **FINAL REPORT OF THE NATIONAL INQUIRY ON MURDERED AND MISSING INDIGENOUS WOMEN AND GIRLS**

Council noted that the Final Report of the National Inquiry on Murdered and Missing Indigenous Women and Girls was issued this week. Has the paper been received and considered? **A. Admin:** This information has not been reviewed as yet.

#### **COMPOSTING PROGRAM**

Council inquired as to why the City has not continued the pilot composting program. **A. Admin:** Administration is now considering options to move forward. There were some issues during the pilot project with overflowing bins. Survey has had 800 responses. Will be coming back to Council with survey and research results at next Council meeting.

#### **AIR BnB's**

Council inquired as to the status of City of Vernon regulations regarding Air BnB's? **A. Admin:** An Admin Update has been provided today as to status of research on short term rentals in Vernon. Any citizens concerns should be forwarded to Bylaw Compliance or referred directly to the Director, Community Infrastructure & Development.

**ACTIVE LIVING  
SURVEY**

Council inquired as to why the Active Living Survey is not open to residents outside the City of Vernon. **A. Admin:** The intent was to have the survey open to everyone – will investigate.

**SECURITY COVERS  
ON THERMOSTATS –  
KAL TIRE PLACE  
NORTH**

Council inquired as to why there are no security covers on the thermostats in dressing rooms at Kal Tire Place North (to remove the ability to adjust temperature). An Admin Update will be provided.

**ADMINISTRATION UPDATES****ADMINISTRATION

**CARRIED.**

*Councillor Nahal returned to the meeting at 2:21 pm*

*Councillor Fehr declared conflict of interest in the following matter as his employer operates shelter facilities. Councillor Fehr left the meeting at 2:21 pm.*

**ZONING BYLAW #5000  
AMENDMENT –  
DEVELOPMENT  
REGULATIONS FOR  
TEMPORARY  
SHELTERS  
(6460-01)**

Moved by Councillor Anderson, seconded by Councillor Quiring:

THAT Council support the proposed amendments to Zoning Bylaw #5000 as outlined in the report titled “Zoning Bylaw #5000 Amendment – Development Regulations for Temporary Shelters”, dated October 31, 2019 and respectfully submitted by the Economic Development Planner.

**CARRIED.**

*Councillor Fehr returned to the meeting at 2:22 pm.*

**DELEGATION:  
KWANTLEN  
POLYTECHNIC  
UNIVERSITY'S  
INSTITUTE FOR  
SUSTAINABLE FOOD  
SYSTEMS  
(0220-01)**

Moved by Councillor Anderson, seconded by Councillor Quiring:

THAT Council receives the October 28, 2019 delegation from Kristi Tatebe, Research Assistant, Kwantlen Polytechnic University regarding the Okanagan Bioregion Food System Design Project, for information.

**CARRIED.**

**ICBC NETWORK  
SCREENING AND  
SPEED LIMIT CHANGE  
REQUESTS  
(8300-08)**

Moved by Councillor Gares, seconded by Councillor Quiring:

THAT Council directs Administration to include, prioritized, short term road safety improvements recommended in the ICBC Network Screening study dated November 2019 and attached to the report titled "ICBC Network Screening and Speed Limit Change Requests", dated October 31, 2019 from the Manager, Transportation in the Intersection Improvements Capital Project for Council's consideration in the 2020, 2021 and 2022 budget deliberations;

AND FURTHER, that Council directs Administration to report back with recommendations regarding the use of thermoplastic road paint, high friction surface materials and to investigate, over time, the long-term road safety improvements recommended in the ICBC Network Screening study;

AND FURTHER, that Ministry of Transportation and Infrastructure be informed that the speed limit on City portion of Commonage Road will not be increased to 70km/hour.

The Manager, Transportation reviewed the ICBC Network screening and Speed Limit Requests and the recommended short and long term counter-measures that would address the identified safety issues, and which may be candidates for cost-sharing with ICBC.

A summary of objections and research related to requested speed increase on Commonage Road and Mission Road was reviewed.

**The following points were noted:**

- Administration reviewed the sightlines at several locations on Mission Road and Commonage Road between Allan Brooks Way and the City boundary.
- It was found that required sight distances would not be met at several driveways should the speed limit be increased to 70km/h.
- The intersection with Bench Row Road was found to have sightlines in one direction suitable for vehicles travelling at 50km/h, but currently has a 60km/h speed limit posted and therefore Administration will be identifying suitable road safety

improvements to ensure drivers are able to avoid collisions with people entering and exiting Bench Row Road

- Collision history 2013 to 2017 (ICBC and RCMP) was reviewed and with 89 collisions in 5 years, one involved a fatality, mostly – off road, deer collisions and loss of control – an increase in speed limit is not supported.
- In 13 months September 2018 to September 2019 there were 11 collisions in 13 months
- In October 2 more occurred - so 13 collisions in 14 months
- BC's Provincial Health Officers Report ("Where the Rubber Hits the Road") stated:
  - *The top human contributing factors for MVCs with fatalities that were reported by police in BC between 2008 and 2012 were speed, impairment, and distraction.*
  - *The current top two contributing factors in BC are firstly distraction and second speed*
  - *In 2012, speed was the top factor, 35.7% of MVC fatalities, distraction 28.6% of MVC fatalities, and impairment 20.4% of MVC fatalities*
- There is a sizable body of research from around the world including the World Health Organisation's Speed Management report that concludes that when speed limits are increased the number and severity of collisions increase. A 5 % increase in speeds leads to a 10% increase in injury collisions and a 20% increase in those involving fatalities
- As a member of the Engineers & Geoscientists of British Columbia, (EGBC) it is my duty to uphold public safety and Administration does not recommend this speed increase and the Ministry of Transportation and Infrastructure concurs.

Moved by Councillor Anderson, seconded by Councillor Fehr:

THAT Council **amends** the motion to **remove** the following:

*'AND FURTHER, that Ministry of Transportation and Infrastructure be informed that the speed limit on City portion of Commonage Road will be increased to 70km/hour.'*

**CARRIED, with Councillor Mund opposed.**

**THE QUESTION WAS CALLED ON THE MAIN MOTION, AS AMENDED AND DECLARED CARRIED, WITH COUNCILLOR MUND OPPOSED.**

Moved by Councillor Anderson, seconded by Councillor Quiring:

THAT Council directs Administration to advise the Ministry of Transportation and Infrastructure that the speed limit on City portion of Commonage Road will be increased to 70km/hour.

**CARRIED, with Councillors Mund and Gares, and Mayor Cumming, opposed.**

**MATTERS REFERRED FROM THE IN-CAMERA MEETING – November 12, 2019**
