

Election 2026

Signage Information

*This information is provided as a guide for convenience only. It is not intended to replace Bylaws or other legislation.

Election Sign: A sign that pertains only to an election for City Council, School Board of School District #22, Provincial and Federal Government. Signs are permitted in all zones and do not require a permit provided they are not installed before a Provincial or Federal Election is officially called or before the campaign period established by the Local Election Campaign Financing Act for the City and School Board.

Signs may be installed beginning **September 19, 2026**, and must be removed no later than **October 24, 2026**. Please ensure all signs are in good condition, of sufficient quality and placed in appropriate locations so they do not create a safety hazard.

The Ministry of Transportation and Transit regulate sign placement on provincial highways. <https://www.gov.bc.ca/electionsigns>

Property owners and tenants are responsible for maintaining adjacent boulevards. Where necessary to perform maintenance activities or address safety concerns, they may remove or relocate election signs located within these areas.

Before installing a sign on private property, obtain the property owners permission.

Be aware of underground utilities, irrigation lines and other hazards when placing signage. <https://www.bclc.ca/>

No signs are permitted within 100 metres of a polling station on voting days. There are buffer maps available on the City website for the advanced and general voting days. Once location and dates are confirmed for the Special Voting opportunities, additional maps will be added. [Map Link](#)
