FOR IMMEDIATE RELEASE

DATE: September 5, 2017

MEDIA CONTACT: Tanya Laing Gahr, Communications Officer

TELEPHONE: 250-550-3539

Okanagan Landing sewer construction begins September 18

Sewer construction in several areas of the Okanagan Landing will be starting the week of September 18 and continuing through October. The first phase of work includes installation of approximately 1.3 kilometers of sewer collector pipe. The majority of work will be completed off the travelled roadway using directional drilling equipment, minimizing traffic interruptions.

Access to all homes and business will be possible during construction. Where construction activities could impact vehicular access to adjacent homes, residents will be notified in advance of construction.

Single-lane alternating traffic may be in place at times to accommodate construction activities. For the safety of workers and public please obey traffic signs and instructions from traffic control persons.

For information regarding City of Vernon capital works projects please visit the city webpage at www.vernon.ca/capitalworks.
