### **The outdoor Centennial Rink is open for the 2017/18 Winter Season!**

This year with approved funding from the City of Vernon and a grant of the Canada 150 Community Infrastructure program, the rink saw a major refit. It now has brand new boards and fencing, signage and updated dressing room areas. This has given the rink a professional yet fun look and will be sure to make the outdoor rink activities all the better for years to come! Check out the skating program times at [kaltireplace.ca](http://kaltireplace.ca) or in the Winter Active Living guide. See you there!
