City seeks community's feedback on Parks Development Cost Charges

The City of Vernon is inviting the public to an information session regarding the proposed Parks Development Cost Charges (DCC) Bylaw that will be undertaken this year. The Parks DCC bylaw will provide a project list and rates to allow the City of Vernon to collect DCC charges for its parks. DCC are charges collected from land developers by the City to help pay for infrastructure projects required to service new growth. The City will also be hosting a session specifically for members of the development community.

The information session will be held at the Council Chambers (3400 30 Street) on Thursday, March 15 from 5:00 to 7:00pm. The public is encouraged to attend and provide feedback on the new program.
