Full closure of Kalamalka Lake Rd from Browne Rd to Alpine Centre

The **full road closure** on Kalamalka Lake Road from Browne Road to the Alpine Centre will be in effect until July 6th, 2018, 24 hours/day.

Vehicle access will only be permitted to those residences within the fully closed portion of Kalamalka Lake Road. Effective immediately, the closed portion of the road will be reduced to single lane traffic (one-way traffic) in the southbound direction. As no through traffic will be permitted, all traffic is required to use the detour routes. A 4 m wide walking/cycling path will be provided throughout construction, 24 hours a day.

Businesses will be open and accessible on both sides of the road closure. Please support our local businesses during construction.
