NOTICE TO GREATER VERNON WATER CUSTOMERS – KALAMALKA LAKE WATER SOURCE BACK ON

The Regional District of North Okanagan wishes to inform customers of Greater Vernon Water that the Kalamalka Lake water source has been turned back on today, May 8, 2018 as the turbidity in the water has returned to normal conditions.

The decision to turn the Kalamalka Lake water source back on is based on reduced turbidity and good ultra violet disinfection levels. Water is now being supplied from the Duteau Creek Water Treatment Plant and the Kalamalka Lake, Mission Hill Water Treatment Plant.

Staff continues to monitor water quality and will notify customers of any changes.

For further information, please contact 250-550-3700 or visit our website at www.rdno.ca.
