### **Second water main break detected in Sunset Properties area**

The water main break that occurred on Kokanee Road in the Sunshine Properties neighbourhood has been repaired; however, Utilities construction crews have identified another leak on Kokanee Rd.

The road will remain closed until the leak has been repaired which will most likely be tomorrow, Friday, July 26 in the early afternoon. After the repair has been completed the road will remain open; however, paving/patching will not take place until Monday morning.

The break occurred near the intersection of Kokanee Road and Chinook Road.
