Polson Park temporarily closed to vehicle traffic

The City of Vernon would like to advise the public that Polson Park is temporarily closed to vehicle traffic, as work continues on and near the pedestrian and cycling path towards the south end of the park.

The project includes upgrades to the multi-use path, the installation of new lighting and the addition of several wayfinding signs in and around Polson Park.

The parking lots at the north end of the park will remain accessible to vehicles. The traffic loop is expected to reopen Saturday, October 10.
