### Minor traffic detours next week for underground utilities work

The City of Vernon would like to advise the public of a handful of underground utilities projects that will take place next week, weather dependent, which will require temporary road closures and detours.

Work will take place on portions of the following roads:

- **31<sup>st</sup> Street** (between 43<sup>rd</sup> Avenue and 49<sup>th</sup> Avenue)
- **25<sup>th</sup> Street** (between 25<sup>th</sup> Avenue and 30<sup>th</sup> Avenue)
- **33<sup>rd</sup> Street** (between 42<sup>nd</sup> Avenue and 43<sup>rd</sup> Avenue)
- **28<sup>th</sup> Avenue** (west of 43<sup>rd</sup> Street)

Crews will be flushing and conducting CCTV work on a sanitary sewer main, which will require early morning work on 31<sup>st</sup> Street. Additionally, crews will be installing underground utilities in three areas of the city, which will require street closures. However, the areas will remain accessible to local traffic.

Every effort will be made to minimize disruption in the areas where work is taking place. The City apologizes for any inconvenience these disruptions may cause and appreciates everyone's patience as the work is being completed.

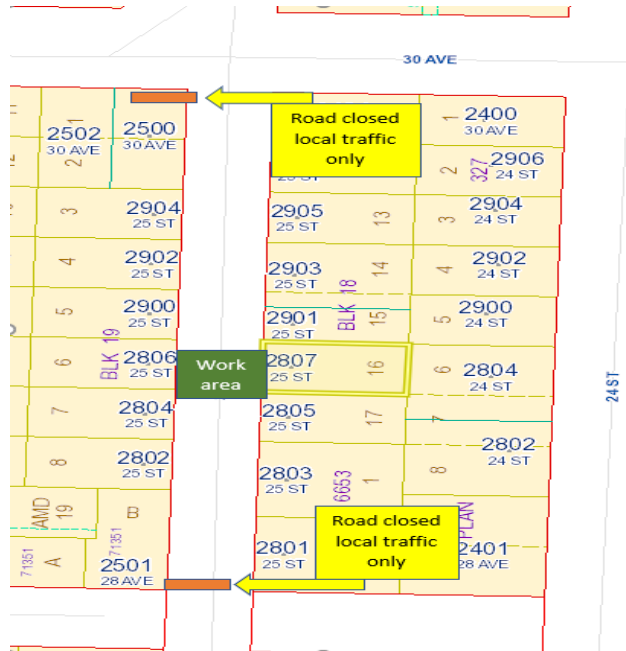

Details of the individual projects and their corresponding traffic detours are available below.

#### **31<sup>st</sup> Street (between 43<sup>rd</sup> Avenue and 49<sup>th</sup> Avenue)**

- November 2 – 6
- Sanitary sewer main flushing and CCTV inspection
- Work will take place between 4:00 a.m. and 7:30 a.m., when there is less flow moving through the sewer system
