### **27 Street Re-paving**

Please be advised that the City will be performing construction works on 27 Street at the intersection of 32 Avenue on Saturday, June 15 and at the intersection of 30 Avenue on Friday, June 21. In order to maintain site safety and reduce wait times the majority of works will be done at nighttime hours to avoid high traffic volumes and reduce impact on the surrounding area. Construction will start at 8:00 pm and continue into 12:00 pm the following day. Road closures and detours will be in effect during work hours.

Although every reasonable effort will be made to minimize the disruption to traffic, motorists should be prepared for minor delays.

We ask that the traveling public to be patient, slow down and obey all traffic control.
