### **37<sup>th</sup> Avenue Reconstruction Project to begin next week**

The 37<sup>th</sup> Avenue Reconstruction Project (between 27<sup>th</sup> Street and 30<sup>th</sup> Street) is scheduled to begin construction next week. The project includes the replacement of aging infrastructure such as water main, storm sewer, and sanitary sewer utility lines, and road and sidewalk upgrades.

Construction will begin June 28 and is expected to be completed by Fall 2021. The road will be accessible to local traffic only. Access to area businesses will remain open for pedestrians. Residents are encouraged to continue supporting local businesses.

Please slow down if traveling near the area and obey all traffic control signage. The City apologizes for any inconvenience this road closure may cause and appreciates everyone's patience while this major infrastructure project is being completed.

The 37<sup>th</sup> Avenue Reconstruction Project is part of City Council's commitment to replacing aged infrastructure that is the foundation of the services the City provides. Funding for the project is provided, in part, by the Government of Canada through the Federal Gas Tax Fund.

For more information on this and other infrastructure projects taking place across Vernon in 2021, please visit the City's website at [vernon.ca/capitalworks](http://vernon.ca/capitalworks).
