Canadian Armed Forces road move from 100 Mile House to Vernon

The following information has been provided by the Canadian Armed Forces.

On Saturday, August 28, Land Task Force Vernon will be conducting a road move of approximately 80 personnel and their equipment from 100 Mile House to Vernon via highways 97 and 1.

There will be large green Medium Support Vehicles and multiple pick-up trucks transiting the route in small groupings. This has the possibility of creating congestion or slowdowns along the route.

Fellow motorists are requested to be patient and give space on the road while troops and equipment are relocated from 100 Mile House, where they were based while helping BC Wildfire Service (BCWS) combat the Flat Lake fire, to Vernon Cadet Training Center, where they will assist BCWS combat the White Rock Lake fire.

The Land Task Force is participating in Operation LENTUS, the Canadian Armed Forces' response to natural disasters, on the request of the Government of British Columbia.

The City of Vernon welcomes the Canadian Armed Forces to our community and would like to thank all troops, firefighters and support personnel who are working tirelessly in the region in response to wildfire activities taking place.
