Sewer system upgrades scheduled for Okanagan Landing next week

The City would like to advise motorists that a detour will be required for a portion of Okanagan Landing Road and Tronson Road for the next few weeks while crews upgrade sewer utilities.

Starting as early as 7:00 a.m. on Tuesday (October 11), crews will be working on the City's sewer system at the intersection of Okanagan Landing Road and Tronson Road. The work will require a partial closure of the intersection, temporarily restricting left turns.

Southbound traffic on Okanagan Landing Road will be detoured on to Tronson Road. Northbound traffic on Okanagan Landing Road will not be affected. Eastbound traffic on Tronson Road will be detoured south on to Okanagan Landing Road. (Please see map below)

The work is expected to take two weeks to complete. Please note, these timelines may change if emergencies arise.

Access to area businesses will remain open and residents are encouraged to continue supporting local businesses.

Motorists should watch for adjusted travel routes and expect short delays, and are reminded to slow down in construction zones and obey all traffic control measures. The City thanks everyone for their patience and understanding while this work is being completed.

A map indicating the construction area is available below.
