Early morning sewer work scheduled for portion of Kalamalka Lake Road next week

The City of Vernon would like to advise motorists traveling along Kalamalka Lake Road that crews will be conducting early morning sanitary sewer main flushing and inspection work next week.

Starting as early as Monday, October 31, crews will be working along portions of Kalamalka Lake Road between Browne Road and Guilford Court from 3:00 a.m. to 4:00 a.m. each morning until Friday, November 4.

Part of the project includes CCTV inspection of the infrastructure, which means the work needs to be done when there is less flow moving through the sewer system.

While main flushing is taking place, residents in the surrounding area may hear some noise. Every effort will be made to minimize disruptions; however, it is recommended area residents keep their windows closed overnight, if possible.

Motorists are reminded to slow down in construction zones and obey all traffic control measures. The City thanks everyone for their patience and understanding while this work is being completed.

A map of the project area is available below.
