## Carlson Park access closure for FortisBC construction work

The City would like to advise the public that the west access point to Carlson Park on Bench Row Road will be closed temporarily, due to a construction project for FortisBC.

The access point, located across from the Vernon Seed Orchard, will be closed intermittently from Monday, June 26 until August 31. Additionally, a small area of the park will be fenced off to the public during the construction period for safety purposes.

Access to Carlson Park will be maintained through the east entrance of the park during the construction period.

*A map of the construction area and east access point is available below.*
