

# Exciting things are in the works

PROJECT INFORMATION

## Facility Enhancements

### Waterproofing & Renewal Work at the Parkade

Improving the reliability and sustainability of our facilities.

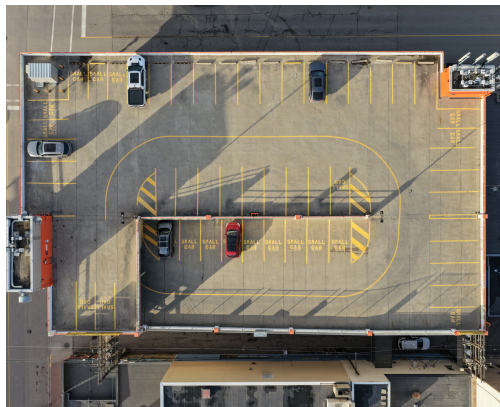

**Investment:** \$850,000

**Funding Source:** Growing Communities Fund (Provincial Grant), Recreation Reserve, Casino Fund, Infrastructure Reserve

**Timeline:** Spring - Fall 2026

\*Schedules are subject change due to weather and other factors.

Waterproofing and stairwell repair at the Parkade

We're focusing on renewing and maintaining key facility components to improve the reliability and sustainability of the Parkade.

The project includes waterproofing, repairs to the stairwells, and preventative maintenance on targeted areas of the parkade. These enhancements will help extend the life of the facility, reduce the risk of emergency repairs, and support efficient day-to-day operations.
