Funding Source: Growing Communities Fund (Provincial Grant)

Timeline: Spring 2026

*Schedules are subject change due to weather, contractor timelines and other factors.

Concept of new playground and landscaping

Aerial view of playground concept

We're replacing the playground at Sawicki Park to better serve growing families and little adventurers.

The playground at Sawicki Park is being replaced to create a safer, more engaging space for children and families. The new playground will feature modern equipment designed to encourage active play, creativity, and social connection for users of all ages.

This improvement supports the City's commitment to vibrant, family-friendly parks and aligns with replacement priorities identified through the Parks Asset Management Plan, helping ensure park infrastructure remains safe, accessible, and enjoyable for the community now and into the future.
